COMMUNITY CLUB

As a fan-owned, fan-lead club, we put community at the heart of everything we do.

Rochdale AFC Community Trust is an official charity (CCO) set up by Rochdale AFC to carry out community work and charitable projects across the borough of Rochdale in Greater Manchester. Clubs and Community organisation share the vision of making Rochdale one of the best places in the world to live, work and play – a place where all voices are heard. The Trust use the power of football and their community standing to raise aspirations and transform lives.

Taking a look at the most recent season, overall, the Club and CCO at RAFC:

- Generated £1,304,197 of income, funding and in-kind support to invest in community projects, initiatives and wider support
- Established and maintained 127 partnerships across the season Employed a total of 51 staff who delivered 44,378 hours of support to their communities
- Deployed 54 volunteers during the season, who delivered 7,080 hours of support. During the past three seasons, 5,172 community sessions and events were delivered (3,781 in the most recent season) and over 8,317 hours of delivery (5,888 in 2021/22).

This work helped generate a total of £5,671,112.86 of social value across the season.

Like the other Clubs in the network, Rochdale AFC played a significant role in supporting their community during the COVID-19 pandemic and are already supporting their community in new and enhanced ways.

In the context of high inflation, a deep cost-of living crisis and increasing concerns about fuel and food poverty, Clubs and CCOs are directing more of their efforts than ever to supporting the most vulnerable in their communities with basic needs.

The power of Football Clubs in their communities is evident to see and Rochdale AFC will continue to contribute significantly to developing stronger, healthier, more active communities as we move into future seasons. Could your business be a part of this story?
